Hi George,

I am reasonably certain the letter was discussed at an office meeting, but it was certainly an oversight not to distribute a copy of it. Thanks for requesting it so you can take a look.

Thanks for forwarding Michele. I do declare that this letter is a pretty big deal to have to find out about it through the newspapers.

Please do not take my reflection of the "information loop" personally as I can just imagine (I really can) the work that went through getting this all the way "up" - and then it got finally sent (whew).

I will read it through better, later, but it was a good job.

George
